

From the Pastor

Dear Canterburians,

It's June! We can now confidently exchange our snow shovels for lawn mowers...I think. June also brings with it the opportunity to mark another year of growth for our young people as they finish the school year, and as many celebrate graduations and prepare for transitions into new chapters in their lives. You will find a list of our community's high school and college graduates in this newsletter. I encourage you to congratulate them this month on their successful completion of the school year, and, offer them wishes for an enjoyable and safe summer break.

I also want to thank the myriad of caring adults who join together each day to help support our young people as they grow up before our eyes! I felt so blessed in May to be able to celebrate the efforts of one of those caring adults as she received a very special recognition. Canterbury's children's librarian, Mrs. Rachel Baker's unwavering caring commitment to young people helped her to earn this year's New Hampshire Children's Librarian of the Year Award! Thank you, Rachel for the gifts you offer to our young (and us not so young) people! Rachel has always considered Mr. Fred Rogers, (best known for his children's television program, "Mr. Rogers' Neighborhood") a mentor in how she approaches the work she does. Rachel keeps the following blessing/prayer/reminder posted on the wall behind her kitchen sink to help focus and strengthen her spirit each day. May it be our prayer of blessing as well to the young people of our community on their journeys, as well as our blessing to the child at heart that resides within each of us.

*My Hope is That
You will take good care of that part of you where
Your best dreams come from, that invisible part of
You that allows you to look on yourself and your
Neighbor with delight. Do your best to appreciate
The gifts that you really are and always will be...
To look for every opportunity that allows you to clap
And cheer, loving your neighbor as yourself.*

-Mr. Rogers-

God's Peace,

Pastor Sara

HONOR FLIGHT NEW ENGLAND

May 12, 2018, **Doug Russwick** participated in Honor Flight New England. Here is a photo showing Doug explaining the workings of a submarine torpedo room depicted on the bronze plaque. Left to right are son Scott Ruesswick, daughter-in-law Deborah Ruesswick, and son Mark Ruesswick. (their daughter Heidi Guerard also attended)

Thank you for your service, Mr. Russwick!

Honor Flight New England Mission Statement: Transport America's veterans to Washington, D.C. to visit those memorials dedicated to honor their service and sacrifices.

Goal: Helping every single veteran in America, willing and able of getting on a plane or a bus, visit THEIR memorial.

Priority: Top priority is given to America's most senior heroes — survivors of World War II and any veteran with a terminal illness who wishes to visit THEIR memorial. The program will naturally transition to Korean War, Vietnam War and all other veterans who served, on a chronological basis.

Philosophy: Since America felt it was important to build a memorial to the service and the ultimate sacrifice of her veterans, the Honor Flight Network believes it's equally important that they actually get to visit and experience THEIR memorial.

FIRE DEPARTMENT NEWS

Here are a few reminders as we enter the busy time of year for outdoor grilling and cooking.

National Fire Protection Association (NFPA) reports -

- 8,900 home fires are started by outdoor grills each year.
- 16,600 patients went to the hospital emergency room because of injuries involving grills.

To help prevent injuries and fires, follow these safety tips.

- Grills should be placed at least 10' from the structure and never under eaves.
- Open the gas grill lid before igniting to prevent gas buildup.
- Check all gas connections and the regulator for leaks with liquid soap and water solution before starting the grill for the season.
- Keep the grill clean – remove any grease buildup.
- Never leave the grill unattended while cooking and keep children at least 3' away.
- Like woodstove ashes, charcoal ashes can stay hot for a long time. Dispose of them in a metal container.

Hope you have a safe summer,

~ Guy Newbery, Fire Chief

ROADSIDE CLEANUP

More Volunteers, and Less Trash! Both good things. On Saturday April 21st, and the unseasonably cool days before, more than 50 residents cleaned both sides of more than 35 miles of Canterbury's roads. A huge thanks to everyone who participated, especially the half dozen new volunteers who shared their cleanup plans with me.

You might be surprised to know, given how laid back the organizing for this yearly event is, that it's possible to do this in a much more organized way. It's called the Sponsor a Highway program, and it's run by the NH Department of Transportation. The downside is that it's much more rule-based and bureaucratic, but the upside is that you get your group or company's name on a sign! If you're interested in finding out how that program is run, check out the DOT web site that explains all the rules: www.nh.gov/dot/org/operations/highwaymaintenance/sponsorahighway/index.htm.

As always, the blue bags are available for roadside cleanup year-round. What with the increased activity at the transfer station, the staff asks that you separate your roadside cleanup recyclable items the same way you separate your household recyclables. Keeping all those beer cans (we're talking about you, Bud Lite) off our roadsides and out of landfills is a goal everyone can embrace.

TOWN ADMINISTRATOR

Construction continues on the renovation at the Sam Lake House. The weather put us behind schedule a couple weeks, but the concrete work was completed with approximately 12" of stone under the floor and a waterproof vapor barrier applied before the basement floor was poured. We also applied an epoxy-based sealer to the exterior of the foundation along with a perimeter foundation drain. The framers have started. We anticipate the framing will be completed the first week of June.

A Slip, Trip and Fall prevention class will be held on June 6th for all town employees. This class is provided by Primex the town's insurance carrier.

Our Town Road Agent, Jim Sawicki, resigned in April. Jim worked for the town since November of 2001. We want wish Jim well in his future endeavors.

With the staff shortage at the Highway Dept. we have hired a seasonal full-time employee, TJ Bibeau, for mowing and maintaining town property this year.

At the Town Meeting this year, residents voted to ... "appoint an energy committee that will research and advise officials, administrators, and citizens of Canterbury on steps necessary to limit greenhouse gas emissions."

The Board of Selectmen are accepting volunteers to serve on this committee. The committee will consist of five (5) members and two (2) alternates. If you are interested in serving on this committee, please contact the Town Office.

Town Administrator

FROM THE OFFICE OF THE TOWN CLERK/TAX COLLECTOR

A reminder to everyone that DMV renewals of all kinds are processed more quickly if you bring your plate numbers with you.

We can only process transactions by cash or checks at the counter. We have no ability to process credit cards.

If you are new to town, please bring with you proof of residency.

The State of New Hampshire requires all dogs to be licensed by May 1st.

HISTORICAL SOCIETY NEWS

SPECIAL EXHIBIT JUNE 9TH - SAVE THE DATE!

The 5th grade class at the elementary school have been working for several weeks on putting together an exhibit featuring items from the 19th century. Under the direction of teachers Mrs. Wieck and Mrs. Gingrich and in cooperation with the historical society the students have been collecting, documenting and researching items collected and borrowed from Canterbury residents and our archives. Not only that, but the students will be mounting the exhibit in the Elkins Memorial Building (former library) themselves. The exhibit will open on **Saturday, June 9th at 10:00 A.M.** with the students present to talk with visitors about the exhibit's collection. All are welcome. Come to learn about objects the students have chosen for the show and listen to their stories!

CANTERBURY'S ARCHITECTURAL SURVEY MOVING POSITIVELY AHEAD

Marking a significant step ahead for the historical society, the Architectural Survey Committee under the chairmanship of Harry Kinter is moving aggressively ahead to complete the survey of 20 historic properties in Canterbury, including interviewing current owners, researching properties' history, collecting photographs and documenting ownership titles (where possible). Once completed, the study will provide a significant database upon which to build a more extensive history covering as many as 50 properties in Canterbury. The committee's aim is to mount an exhibit in the Elkins Memorial Building in 2019. All materials and information collected will become part of the Society's Archival Record of Canterbury which will subsequently be a searchable data base for research and information.

SCHOOL HOUSE PROGRAM COMPLETES ITS 11TH YEAR!

With the incredible support of the staff of the elementary school, and particularly the efforts of enrichment teacher Karen Gingrich, this year's program, focused on the year 1880, was a grand success. All students from the elementary school attended, including the kindergarteners (under their own unique program). In addition, all second graders from Belmont Elementary school attended over a four-day period. We would like to thank, in addition to Mrs. Gingrich, Amanda Osmer who was our fantastic music teacher, volunteer teachers, Dale Caswell and Chuck Sanborn and Bob Scarponi, our janitor. If you would like to be part of this program, don't hesitate to let us know, whether serving on the schoolhouse committee, or volunteering as a teacher. This is the only program like this in the country and one all students truly appreciate!

BELMONT MIDDLE SCHOOL NAMED MIDDLE SCHOOL OF THE YEAR

On the morning of May 10th, BMS Principal, Aaron Pope, called for a special assembly of the entire student body and staff. A special announcement was made by Pope remarking that Belmont Middle School had been designated Middle School of the Year by the New Hampshire Excellence in Education Awards Program.

NH EDies recognizes schools that have met high standards. Pope, who was earlier recognized for being named Principal of the Year, thanked his staff and the students for making this happen. Members of the NH EDies brought old-fashioned school bells and passed them out for the staff and children to ring. Celebratory music played while the students danced and rang the school bells. Many staff members felt extremely proud and honored by this wonderful recognition.

MEMORIES

Too busy to do a fresh hike so I'm having to draw on my memories.

Time was when I would make one or two-night trips to Grey Knob cabin on Mt. Adams every year, several times a year. I was working in my shop seven days a week with employees during the week – crazy. These escapes to Mt. Adams preserved my sanity.

I'd usually go up between late February and early June. No longer full-on winter, for which I wasn't equipped, and the mountains not yet over run with hikers, it was a perfect time to be up there.

Often the snow would be gone down here. My first view of The Presidentials still totally enveloped in snow always caused me to be amazed that I was actually going up there – to a very different world.

Signs of spring would disappear as I gained altitude. Ultimately, I'd be hiking on packed snow and often ice, needing crampons on the steep Lowe's Path. One year I found twenty-foot drifts near the summit. At one point I was more swimming in snow than walking. I frequently had Mt. Adams all to myself.

I'd savored this season, of spring down here, snow on the mountains, since I was a kid. I'd discovered that I could climb the tallest maple on our place, the highest point on Shaker Ridge, before the tree leafed out and see a peak, must have been Mt. Washington, glowing white on the horizon.

I cherish my White Mountain snow memories above many others. Watching a fellow hiker disappear instantly into a "spruce trap," the snow being deeper than the tops of younger spruces so the trail (and the blazes) were totally obscured, making it easy to walk above the top of a spruce which kept the snow around it too loose to support one's weight. That fellow did some snow swimming. Better to see than experience. Another time, just when I was explaining spruce traps to my hiking partner, he accidentally stepped off the well-trodden path and into deep and heavy spring snow. It took me some time to extricate him. Don't know how long it would have taken him to get out had I not been there.

Some snow experiences were better in memory than actuality. Like the time Roy Hutchinson and I were having a lovely hike with the Boy Scouts in warm and snow free Wild River Valley until our route took us up onto the peaks of the Carter Range where deep snow involved us in a long and tedious stretch of post-holing.

I have mixed feelings when the leaves come on the trees. You can see so much more hiking in the winter.
